**HUNGER AT HOME**

I commend the Hunger At Home organization for their tremendous work leading the effort to fight hunger around the San Jose area. Their outreach and ability to provide valuable resources to members of this community continues to support some of the most vulnerable people in the area. This organization understands that it is not enough to just provide meals to disadvantaged members of our community, but instead collaborate with other organizations to come together to face this problem head on.

On behalf of the State of California, I would like to congratulate you on another impactful year helping serve the community. Hunger at Home's philanthropy and extraordinary leadership strengthens the City of San Jose's ability to inspire and encourage people of all backgrounds.

I extend my best wishes for a memorable celebration and future success.
