Hunger at Home

Waste No Food is very fortunate to partner with Hunger at Home to help the needy within our community. Hunger at Home's founder Ewell Sterner has been instrumental in setting up a donation program through a consortium of food donors in the San Jose area and we have worked with him over the course of a year and a half. The team at Hunger at Home is made up of caring and passionate professionals with the goal of "People helping People." Ewell and his team have adopted the Waste No Food platform and been able to provide much needed resources to those that need it. They are constant advocates for the cause and have recruited numerous donors to follow their example. In addition, Ewell has served as a valuable advisor to Waste No Food and it has enabled us to touch more lives. We are very grateful for all that they are doing to serve our community.

Sincerely,

Sudha Sarma
COO, Waste No Food
