"People Helping People"

HAPPY HOLIDAYS!

Over 2,700,000 meals served since March 2020!

In this season of gratitude, we couldn't be more thankful for our donors and sponsors.

Because of you, we turned 3 million pounds of surplus food into 2.7 million healthy meals.

Because of you, we were able to quickly adapt in the face of a dire economic emergency and feed thousands of families who had nowhere else to turn.

Because of you, we know the power of People Helping People.

From all of us at Hunger at Home, thank you for your support. We wish you a safe, healthy, and happy holiday.
